

(RT)-qPCR set – Safety Data Sheet

In accordance with regulation (EC) No. 1907/2006, amended by 2020/878/EU

1. Identification of the substance or preparation and of the company undertaking

1.1 Product identifier

(RT)-qPCR set 96

Set composed of Lyo qPCR Master Mix 2x or Lyo RT-qPCR Master Mix 2x, Reconstitution Buffer for Lyo qPCR or Reconstitution Buffer for Lyo RT-qPCR, qPCR positive control, qPCR negative control and Nuclease-free water

Art. No. specific to pathogen Art. No. (Please check BIOREBA website: <https://www.bioreba.ch/>).

1.2 Use of the substance or mixture

In vitro diagnostic test for laboratory use.

1.3 Manufacturer / supplier details

BIOREBA AG

Christoph Merian-Ring 7

CH-4153 Reinach

Switzerland

Phone +41 61 712 11 25; Fax +41 61 712 11 17

admin@bioreba.ch

www.bioreba.ch

1.4 Emergency phone number

Tox Info Suisse

Emergency Switzerland phone: 145

From abroad: +41 44 251 51 51

2. Hazards identification

2.1 Classification according to Regulation (EC) 1272/2008

This product does not meet the criteria for classification.

2.2 Label elements

Hazard pictogram(s): None.

Signal word(s): None.

Hazard statements

Hazard statement(s): None.

Precautionary statements

Precautionary statement(s): None.

2.3 Additional information

No information is available.

3. Composition / Information on ingredients

Proprietary formulation.

The product is made up of a mixture of non-hazardous components. The product contains DNA oligonucleotides.

4. First aid measures

4.1 Description of First Aid Measures

General notes

No special measures are required. In case of accident or illness: Consult a doctor immediately (if possible, show this instruction manual or safety data sheet).

After inhalation

In case of accidental inhalation: Remove casualty to fresh air and allow to rest. If discomfort arises, seek medical advice/medical attention.

In case of skin contact

After contact with the skin, wash with plenty of soap and water. If discomfort arises, seek medical advice/medical attention.

In case of eye contact

Immediately rinse, carefully and thoroughly, for several minutes with eye wash or water. If discomfort arises, seek medical advice/medical attention.

If swallowed

Rinse the mouth thoroughly with water. Drink water. Do not induce vomiting. Never administer anything through the mouth to an unconscious person or in case of cramps. Seek medical advice immediately.

4.2 Most important symptoms and effects, both acute and delayed

No information available.

4.3 Indication of any immediate medical attention and special treatment needed

No information available.

5. Firefighting measures**5.1 Suitable extinguishing media**

Use an extinguishing agent suitable for the surrounding fire. Water spray, foam, dry powder, carbon dioxide (CO₂).

5.2 Special hazards arising from the mixture

No information available.

5.3 Advice for firefighters

Protective clothing against liquid and gaseous chemicals, including liquid aerosols and solid particles. Wear self-contained breathing apparatus. Self-contained breathing apparatus (SCBA). Self-contained breathing apparatus (autonomous breathing apparatus, EN 133). Type: B (against inorganic gases and vapors, color: grey). Type: ABEK (combination filter for gases and vapors, color: brown/grey/yellow/green).

5.4 Additional information

Do not allow firefighting water to reach drains, sewers and watercourses. Fight fire with normal precautions from a reasonable distance. Wear self-contained breathing apparatus. Wear full chemical protective clothing.

6. Accidental release measures**6.1 Personal precautions, protective equipment and emergency procedures**

Use suitable protective equipment (including personal protective equipment referred to under Section 8 of the safety data sheet) to prevent the contamination of skin, eyes and personal clothing. Avoid contact with skin, eyes and clothing.

6.2 Environmental precautions

Dilute with plenty of water. Do not allow to enter drains, sewers or watercourses.

6.3 Methods and material for containment and cleaning up

Cover drains and sewers. Absorb with liquid-binding material. Ventilate area of spill. Clean up affected area. Use DNA-removing agents against DNA contamination.

7. Handling and storage**7.1 Handling****7.1.1 Precautions for safe handling**

Wear suitable protective clothing. Keep the workplace clean. Avoid aerosol formation. Open containers with caution.

7.1.2 Precautions for fire and explosion protection

Remove all sources of ignition. Do not smoke. Do not eat and drink.

7.1.3 Further information on handling

Always close the container tightly after removing the product. Wash hands before breaks and at the end of the working day. Store away from foodstuffs.

7.2 Storage

7.2.1 Requirements for storage rooms and containers

Keep container tightly closed and in a well-ventilated place. Keep only in original container.

7.2.2 Precautions for combined storage

No information is available.

7.2.3 Further information on storage conditions

Recommended storage temperature: -20°C.

8. Exposure controls / personal protection

8.1 Control parameters

Occupational exposure limits: None.

8.2 Exposure controls

8.2.1 Protective and hygiene measures

Always close the container tightly after removing the product. Wash hands before breaks and at the end of the working day. Avoid contact with skin and eyes. General safety measures must be observed.

8.2.2 Eye protection

Eye protection is not required.

8.2.3 Hand protection

Rubber gauntlet gloves. DIN EN 374.

Check for tightness /imperviousness before use. If gloves are to be re-used, clean them before removal and ensure they are well ventilated during storage.

8.2.4 Body protection

Personal protective clothing.

8.2.5 Respiratory protection

Respiratory protection is not required.

8.2.6 Environmental exposure controls

Material and its container must be disposed of in a safe way.

9. Physical and chemical properties

9.1 Information on physical and chemical properties

Aggregate state:	Solid and Liquid components
pH:	No information available
Color:	Transparent, clear
Odor:	Virtually odorless
Miscibility with water:	Fully miscible

10. Stability and reactivity

10.1 Reactivity

This material is not reactive under normal ambient conditions.

10.2 Chemical stability

The material is stable under normal environmental conditions and under the temperature and pressure conditions expected during storage and handling.

10.3 Possibility of hazardous reactions

No hazardous reactions known.

10.4 Conditions to be avoided

No information available.

10.5 Incompatible materials

No information available.

10.6 Hazardous decomposition products

No information available.

11. Toxicological information

11.1 Information on hazard classes according to regulation (EC) 1272/2008

Acute toxicity: For oral, dermal and inhalation classification criteria are not met.

Irritation and corrosive effects on the skin: No information available.

Irritation and corrosive effects on the eyes: No information available.

Irritation and Corrosive effects via inhalation: No information available.

Sensitization effects: No information available.

Reproductive toxicity: No information available.

11.2 Information on other hazards

No information available.

12. Ecological information

12.1 Toxicity

The product is not classified as toxic to the environment.

12.2 Persistence and degradability

No information available.

12.3 Bio-accumulative potential

No information available.

12.4 Mobility in soil

No information available.

12.5 Results of PBT and vPvB assessment

A PBT and vPvB assessment is not available as a chemical safety assessment is not required / was not carried out.

12.6 Endocrine disrupting properties

No information available.

12.7 Other adverse effects

No information available.

13. Disposal considerations

13.1 Waste treatment methods

Disposal in accordance with local regulations. Uncontaminated and clean containers may be recycled. Use DNA-removing agents and special DNA waste treatment methods.

Disposal of contaminated packaging and recommended cleaning agents:

In accordance with local authority regulations.

14. Transport Information

The product is not classified as dangerous good for all modes of transport.

14.1 UN number or ID number

Not hazardous for transportation.

ADR, RID, IMDG, IATA-DGR, ICAO-TI: Not applicable.

14.2 UN proper shipping name

ADR, RID, IMDG, IATA-DGR, ICAO-TI: Not applicable.

14.3 Transport hazard class(es)

ADR, RID, IMDG, IATA-DGR, ICAO-TI: Not applicable.

14.4 Packing group

ADR, RID, IMDG, IATA-DGR, ICAO-TI: Not applicable.

14.5 Environmental hazards

No environmental hazards.

14.6 Special precautions for user

No special precautions.

15. Regulatory information

No data available.

16. Other information

16.1 Abbreviations and acronyms

ADR:	Accord Européen sur le transport of marchandises dangereuses par route (European Agreement concerning the international carriage of dangerous goods by road)
RID:	Règlement international concernant le transport des marchandises Dangereuses par chemin de fer (Regulations concerning the international transport of dangerous goods by rail)
ECHA:	European Chemicals Agency
IMDG:	International Maritime Code for Dangerous Goods
IATA:	International Air Transport Association
IATA-DGR:	Dangerous Goods Regulation by the "International Air transport Association" (IATA)
ICAO:	International Civil Aviation Organization
ICAO-TI:	Technical Instructions by the "International Civil Aviation Organization" (ICAO)
GHS:	Globally Harmonized System of Classification and Labelling of Chemicals
GefStoffV:	Gefahrstoffverordnung (Ordinance on Hazardous Substances, Germany)
LC50:	Lethal concentration, 50 percent
LD50:	Lethal dose, 50 percent
EC50:	Median effective concentration
ATE:	Acute Toxicity Estimate
RTECS:	Registry of Toxic Effects of Chemical Substances
NOAEL:	No Observed Adverse Effect Level
DNEL:	Derived No Effect Level
PBT:	Persistent, Bioaccumulative and Toxic
PNEC:	Predicted No Effect Concentration
vPvB	Very Persistent and very Bioaccumulative
DNA	Deoxyribonucleic acid

16.2 Further information

The information is based on the present state of our knowledge and serves to describe the product with regard to its required safety precautions. They do not represent a warranty of the product's described characteristics.
